

Connect your iOS Device to the CCS Network

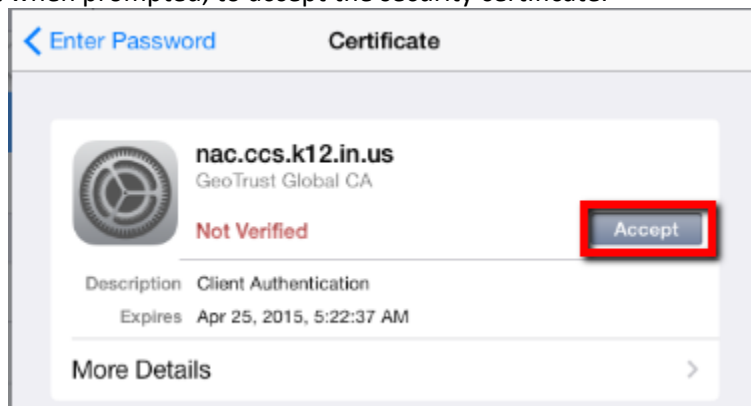

1. On your iOS device, tap **Settings**
2. In *Wi-Fi settings*, tap to connect to **CCS**

3. You are prompted to enter your **username and password**. This is your usual CCS network username and password. It's the same thing you use to logon to any CCS computer.

4. Click **Accept** when prompted, to accept the security certificate.

5. You are now connected!
