

# **CARMEL CLAY SCHOOLS**

## **Transportation Information**

### **2019-2020**

## **BUS INFORMATION**

Information regarding your child's bus stop, pick-up/drop-off times, bus # and bus driver can be found in your Powerschool Parent Portal after August 5.

Please double-check this information on August 12 as bus routes are still being finalized.

Students are required to be at their assigned bus stop five minutes early.

## **BUS SAFETY**

For the safety of your child and others, please watch the important safety video below and review the Student Transportation Guidelines.

[\*\*Student Transportation Guidelines\*\*](#)

# TRANSPORTATION SERVICE FORM

Please submit a transportation service form if:

- Your child does not need transportation
- Your child has a second pick-up and/or drop-off address
- You have other questions or concerns regarding your child's transportation

## ONGOING ROAD IMPROVEMENT PROJECTS

Our Transportation Department continues to be in communication with the City of Carmel regarding current and future plans for road improvement projects. If it is determined that a certain project will affect your child's bus route and/or pick-up and drop-off times, you will be informed via email to check your Powerschool Parent Portal to view these changes.

## BUS ROUTE INFORMATION

Carmel Clay Schools, along with all school districts in our area continue to experience a bus driver shortage. In order to alleviate the numerous uncovered routes, several bus drivers will be running two routes. As a result, your child may have an earlier morning pick-up time or later drop-off time. Through this change, we expect more consistent pick up/drop off times and fewer delays due to uncovered routes. We will continue to communicate any changes to you via email and the Powerschool Parent Portal.

# WE ARE HIRING!

If you are interested in joining our transportation team, we will take you through an extensive paid training program to earn your CDL (Commercial Driver's License), as well as, our own training specific to driving a school bus. Our trainers will be with you every step of the way!
